

On Wednesday, 2<sup>nd</sup> May, 30 fourth class girls participated in a day-long basketball blitz at the Irish Wheelchair Association. The day proved an enjoyable and unique experience for the girls who found themselves up against the formidable opposition of St. Teresa's (Balbriggan) and St. Plunkett's (Malahide). Volunteers, helpers and supporters were treated to brave and enthusiastic performances by the girls on their first venture onto a basketball court against external opponents outside of their own school hall. We will look forward to their continued achievements and ongoing development on the basketball court as they move into fifth class in September.
