CRITICAL INCIDENT MANAGEMENT POLICY

Belgrove Senior Girls' School aims to protect the well-being of its students and staff by providing a safe and nurturing environment at all times. The Board of Management, and staff, has drawn up a Critical Incident Management Policy as one element of the school's policies and plans.

Review and Research

The CIMT have consulted resource documents available to schools on www.education.ie and www.ncse.ie including:

- Responding to Critical Incidents Guidelines and Resources for Schools (NEPS 2016)
- Suicide Prevention in Schools: Best Practice Guidelines (IAS, National Suicide Review Group (2002)
- Suicide Prevention in the Community - A Practical Guide (HSE 2011)
- Well-Being in Primary Schools - Guidelines for Mental Health Promotion (DES, DOH, HSE 2015)

Define what you mean by the term 'critical incident'

The staff and management of Belgrove Senior Girls' School recognise a critical incident to be "an incident or sequence of events that overwhelms the normal coping mechanism of the school". Critical incidents may involve one or more students or staff members, or members of our local community. Types of incidents might include

- *The death of a member of the school community through illness, accident, violence, suicide or suspected suicide or other unexpected death*
- *An intrusion into the school*
- *An accident involving members of the school community*
- *An accident/tragedy in the wider community*
- *Serious damage to the school building through fire, flood, vandalism, etc*
- *The disappearance of a member of the school community*

Aim

The aim of the CIMP is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the effects on the students and staff will be limited. It should enable us to effect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical safety

- Evacuation plan formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Supervision in the school yard (see Supervision Policy)
- Side gate closed during school hours
- School doors closed during class time
- Main school door with key pad only access/bell for visitors
- Rules of the playground – Rules and Safety Procedures and also Yard Policy

Psychological safety

The management and staff of Belgrove Senior Girls' School aim to use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion. These include measures to address both the physical and psychological safety of the school community.

- Social, Personal and Health Education (SPHE) is integrated into the work of the school. It is addressed in the curriculum by addressing issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse. Promotion of mental health is an integral part of this provision
- Staff have access to training for their role in SPHE
- Staff are familiar with the Child Safeguarding Statement and Risk Assessments and details of how to proceed with suspicions or disclosures
- Books and resources on difficulties affecting the primary school student are available
- The School has developed links with a range of external agencies e.g NEPS, HSE, CAHMS....
- Information is provided on mental health in general and such specific areas as signs and symptoms of depression and anxiety e.g. www.aware.ie
- Inputs to students by external providers are carefully considered in the light of criteria about student safety, the appropriateness of the content, and the expertise of the providers. See DES Circular 0022/2010 (Primary) SPHE Best Practice Guidelines for Primary Schools
- The school has a clear policy on bullying and deals with bullying in accordance with this policy
- There is a care system in place in the school using the "Continuum of Support" approach which is outlined in the NEPS documents published on 2007 for primary schools.
- Students who are identified as being at risk are referred to the designated support teacher/Principal/if applicable DLP, concerns are explored and the appropriate level of assistance and support is provided. Parents are informed, and where appropriate, a referral is made to an appropriate agency.
- Staff are informed about how to access support for themselves.

Critical Incident Management Team (CIMT)

A CIMT has been established in line with best practice. The members of the team will meet annually to review and update the policy and plan. Each member of the team has a dedicated critical incident folder. This contains a copy of the policy and plan and materials particular to their role, to be used in the event of an incident.

Record keeping

In the event of an incident each member of the team will keep records of phone calls made and received, letters sent and received, meetings held, persons met, interventions used, material used etc.

The Secretary will have a key role in receiving and logging telephone calls, sending letters, photocopying materials, etc.

Confidentiality and good name considerations

Management and staff of Belgrove Senior Girls’ School have a responsibility to protect the privacy and good name of people involved in any incident and will be sensitive to the consequences of public statements. Members of school staff will bear this in mind, and seek to ensure that students do so also, e.g. the term ‘suicide’ will not be used unless there is solid information that death was due to suicide, *and* that

the family involved consents to its use. The phrases ‘tragic death’ or ‘sudden death’ may be used instead. Similarly, the word ‘murder’ should not be used until it is legally established that a murder was committed. The term ‘violent death’ may be used instead.
