June 23rd 2022

Hi, to all parents and guardians. We will be explaining to you about the school song competition, which has been happening throughout the last month and a half. First the students were asked to create a song that they could sing in front of their class, individually or in a group. Next the rest of the class voted for their favourite song to go through to the stream. Then the class winner would compete against the other class winners of the year. The teachers decided on the stream winners who went through to the final. Lastly the whole school gathered on the yard and each year sang their song. Each class voted on their favourite song and sixth class won. Now the whole school is starting to learn it! Fleur & Lily

Hi there! Lucia and Silé here from Ms Deegan's 4th class. We will be explaining friendship week to you. Throughout the week Teachers have been creating super fun activities for their classes. They include making friendship bracelets and writing kind notes to people in your class.

To round off a awesome week on Friday after yard every 2nd, 3rd, 4th, 5th and 6th class pupil sang 'count on me' by Bruno Mars to show that you can always count on your friends and they can always count on you. Bye! From Lucia & Silé

Two weeks ago Mr. Dilkeer introduced music into the yard on Fridays. Everybody is enjoying the music and it is going very well. We think that it has made the yard so much better and we hope everybody else thinks that as well! Kids pop songs such as Bad habits, Wellerman, sea shanty and The macarena. We hope everybody continues to enjoy the music! ★
